

# Thank You for Your Support of Keegan's Spiderman Dream Room Makeover

**Everything about Keegan and his family is incredibly special!**

Although the circumstances that transpired during the makeover, as it relates to Keegan and his medical situation, were heart-breaking, two things are for sure! That is, Keegan is loved by so many people and we know that miracles happen every day. Our prayers and positive thoughts of hope surround this family in a blanket of love. For those of you who pray, please keep Keegan in your prayers as he undergoes his second bone marrow transplant.

Keegan truly is our superhero and it was our sincere honor and privilege to serve him and his family this past weekend...

**To our Rooms of Hope Family...You Did It Again!**

## Life is so precious...

It was truly meaningful to work alongside of each of you. With your hearts of gold and your hands of steel, you worked in honor of such a loving little boy. Each of us understands the true meaning of helping a family in need by providing a room that is so unique and safe that the child never wants to leave! In Keegan's case, he has had to leave his home behind to get his bone marrow transplant. But I know that he is a warrior, and he will fight to get back to his Spiderman room! Thank you for fighting with Keegan and giving him hope. Each of you have your own families, but helping out at this makeover, has not only helped Keegan's family, but it has also enriched each of our lives as well just by knowing this family. Thank you to our donors as well, for without you, none of this is possible!

I am honored to present Jill and Lauren to each of you. These women worked together to design Keegan's dream room he shares with his brother Murphy. Every detail was thought out with Keegan in mind. Thank you Design Team Keegan!
