

Thank You For Your Support Of Rosie's Dream Room Makeover!

What a beautiful family. They have been through so much with Rosie's illness, and through it all, they radiate joy and appreciation! I often say it is an honor and privilege to serve these families...and that was purely the case here! And it takes a village to do what we do. I know we would all agree that each of us got so much more out of this makeover than we gave...

So Glad We Can Call Rosie Our Own!

Rosie's Family Is So Appreciative...

Each family member decided to share their thanks to all of us individually!

From Rosie

When I saw my new room I was shocked. I didn't recognize it at all, it was like walking into a stranger's room, except it was mine. I wanted 15 years to have my own room and thought everyday what it would look like and when I finally got it, I got sick and was unable to fulfill my dream of making my room me. When I first walked into my (new) room, it was more than I could ever think possible. It was perfect. I couldn't believe that that long wait finally paid off. My new room is AMAZING, and sleeping in it for the first time was even more amazing. I will forever be grateful. Thank you Rooms of Hope. From, Rosie

From Mom

From the time I met Shelly and Christine, throughout the interview process and design, I felt a calmness come over me. Rooms of Hope was committed to designing a room for my daughter, Rosie. A huge added bonus was a redesign for my son, Robert, as well. It was exciting to see the kids plan with colors and look at model rooms, especially during MRI days, which are not easy. The team came in and did a miracle with 2 small bedrooms, which now do not appear so small, but are really what the kids now call living bedrooms. Which is a term for them that their space "came to life". The attention to detail and design created such a welcomed environment for them. I can't even begin to express how happy they are with their rooms and how much love went into the creation. Rooms of Hope also reorganized my bedroom, making it a more functional and beautiful bedroom, as well as decluttered and cleaned the entire house. My house now has a sense of calmness, which is greatly needed. My goal is to keep it decluttered! And make sure the kids clean their rooms. (Weekly pictures will be provided.)

family is immeasurable. The amount of gratitude is immense. We are forever grateful for your team to do this for us at a time where we have so much uncertainty. I can't say thank you enough. Rosie is still enchanted with the light remote. It will never get old with her.

I thank you and the team again, and every day for the love that was poured into this project. I can't thank you enough.

*Love,
Chrissy Santa Maria*

The creation of the living bedrooms and the fantastic work that you all have done for my

From Rosie's Brother, Robert

Dear Rooms of Hope,

When I came home from my school trip, I was astonished to see my room. It felt surreal to see the luxurious room that I could call my own. When I first walked in, the first thing I noticed was the unique lighting hanging from the ceiling and the couch-like bed with very decorative pillows. I'm so glad that you took the idea of hanging lighting along with the unique stripe on the wall. After I saw the light fixtures, I notice the rug that was spread across the room. The rug has a sort of warm pattern and gives off a living room feeling. Then, I noticed a desk with a roller chair and of course my first instinct was to spin around in the chair. After messing around with the new chair, I started to notice the different plants, the shelf, the metal "night stands" and the giant inspirational

map of the world while hanging on a wooden panel that seemed to be handmade. After being astonished by the R on the wall, the curtains and my newly decorated closet, I didn't realize the giant TV in my room. The TV was dumbfounding and I just stared at it, not believing that it's mine.

This room that I'm sitting in right now while writing this is just a decorative and phenomenal piece of work and makes me feel at home. After what happened to my sister, I felt left out. My mother tried to include me in as many things as she could but, life was still not the same. My room give me calmness in my life and makes me feel important. Thank you from the bottom of my heart.

*Sincerely,
Robert Santa Maria*

It's Because Of Each Of You That This Is Possible... Thank You Team Rosie!

Part Of Our Wonderful Team!

Rosie, After Waiting Her Lifetime, Is Finally Home... Her Beautiful Dream Bedroom!

Rosie's Reaction Said It All...

She was in a bit of shock, wondering if she was dreaming!

**A Huge Thank You To Christine Who Designed Rosie's Room
And All Of You Who Made This Possible!**

And Rosie's Younger Brother, Robert Received a Dream Room Makeover Too!

Although he was on a springbreak trip with his school and couldn't make it home in time for the reveal, he certainly was delightfully surprised when he came home to his new space...a man cave for sure!

**It was incredible to design a room for such an insightful young man
Who loves travel, sports and most importantly, his big sis!**

Robert, thank you for allowing me to be your RoH designer!

Sometimes Restoring Order To A House During A Time Of Crisis...

Is so important so that there is a whole home to heal in for the family!
This is especially true for Rosie's family as we surround them with love.
