

“Some People Leave Their Hearts in San Francisco, But We Left Our Hearts with Colton!”

Although Colton can't speak or walk, and he hasn't cried since his cardiac arrest two years ago, he knows how to communicate and is 100% amazing! Colton is unable to leave his home...only for doctor's visits or hospital stays. So during the makeover, Colton was there for all of us to interact with. He is so loving! Colton fully enjoyed having all the volunteers from Make-A-Wish and Rooms of Hope in his home, along with all the construction noise!

Make-A-Wish and Rooms of Hope Teamed Up Together to Bring Colton His Wish Bedroom...

Colton loves Spiderman, color, lights and he needed storage desperately. We gave him this and so much more!
Colton also spends much of his time in bed. From his vantage point, he stares at the ceiling quite a bit.
So we gave him a starry night ceiling complete with clouds and colorful LED strips surrounding the walls.

Everything Was So Appreciated by Colton and His Family

It truly was a privilege for all of us to see how this dream room will help Colton for years to come! There were so many highlights, but here are two...a life-sized hand-painted spiderman mural and a closet that the family and 24-hour nursing staff will love and appreciate!

Colton and His Family Seeing His Room For the First Time!

Colton's Dream Room is Exactly What He Needs to Thrive...

As mentioned, Colton hasn't been able to cry since his cardiac arrest two years ago. At the reveal, Colton was so excited to see his new haven...and did he shed a tear. What a sentimental moment for all of us to see including his family!

Colton earlier in the day also murmured "MaMa" and this was a first.

Great Job to Everyone Involved!!!

So many of you made this space possible for Colton!

(Sorry if we didn't catch your picture this time, but we will next time...so smile in honor of our MAW/ROH kids and their families!)

In Closing, These Dream Makeovers Change Seriously Ill Children's Lives By Bringing Hope...

- The family wanted you all to know... “The best part of this experience was everyone who helped bring it together. They are an amazing group of people!”
- The family's happiest part was the room reveal...“Everything that went into his room was focused around his needs and a lot of thought went into what would help stimulate him. It's just so special!”
- They also want you to know...“The first night he spent in his room he was checking everything out and slept so comfortably! The first morning he woke up and the first thing he did was look at his Spider-Man on the wall and smiled and then he looked up at his ceiling and smiled even bigger!”
- And finally... “Thank you so much for everything that you all did! Words cannot express the gratitude we have for you guys creating Colton's dream bedroom!”

**Thank you all for sharing your talents, treasure
and love!**

**Hugs and love, Colton & Family,
Make-A-Wish and
