

Thank You For Your Support of Lucy's Dream Room Makeover

It was such a treat to partner with AT&T's Wish Connection to bring Lucy her dream room makeover. While they were bringing her a "dream vacation to Disneyland," Rooms of Hope was focused on bringing Lucy (and her brother and sister) her "dream bedroom." Although AT&T's Wish Connection referred Lucy to our program with some of their team participating in the build, it was Walmart.com that paid for the dream room makeover through a grant to Rooms of Hope.

To Kim, Tina, Mike and your wonderful AT&T Wish Connection team, thank you so much...it was such an honor to work alongside you!

And to Luci with an "i" and the terrific team from Walmart.com, our sincere gratitude for making these dream rooms possible for Lucy and her siblings.

Words can never truly express how much this dream room makeover means to Lucy and her family now and into the future. But I will tell you that Lucy's mom sent us a thank you note and I think she said it all...thank you Lunt Family for opening your hearts and home to all of us! It was an honor and privilege to be of service to your family!

A Note From Lucy's Mom on Behalf of Lucy and Her Family...

When we first found out Wish Connection selected us we were so excited for the chance to create another great memory with Lucy. When we learned that Rooms of Hope would be part of the "wish" we really became excited as this would be an opportunity to bless the lives of our two oldest children who do so much and so selflessly care for their younger sister, as well as make Lucy's wish of sharing a room with her sister come true. We have been so touched to hear more about the Rooms of Hope organization and your wonderful mission. We loved hearing about Luci (with an i) and how she was able to get a grant from Wal-Mart. That was so special. The organization, planning and collaboration that goes into just one project is incredible and it takes so many to put it all together. We know many of you do work behind the scenes and we are grateful to each and every one!

I could tell it was going to be magical when the girls got to meet with you and they got to describe their dream room to you. When we were at Disneyland, they kept commenting how exciting it was going to be when they got home because they would have their new rooms! When we were walking into our apartment, Lucy said, "I'm shaking!" She was so excited. Their rooms have always been something we wanted to do or would have like to do but it was a lot of effort for us to do and we are so grateful that you could be a part of Lucy's wish! Even our best efforts wouldn't have even been close to the magic you've created!

Walking into our 'new' home had such a special feeling and I know it is because of all of the love that each and every one of you have in your hearts and we have been so blessed by your talents and the service you have graciously and generously shared with us. We don't know what we did to be so lucky to meet you all and to be blessed by your wonderful talents!

You all did such a wonderful job with the girl's room and Dallin's room. I have been sorting through all of the extra stuff we have and organizing all of Lucy's supplies (the kids have been sure to let me know that they do NOT want me to touch anything or undo anything that you all did:)), everything fits perfectly and it is so nice for them to have their own space, all of our stuff to be organized and have a spot and they really do love their rooms. You've created a space that is them, that is theirs and Jocey lies on her bed often, staring at her gorgeous room and she will say, "I can't believe this is real!"

I could go on and on about the grateful, sweet comments that the kids express often. As parents, we thank you for coming into our home and stamping it with your beautiful talents, we are so blessed to be receivers of your very special gifts and we can't thank you enough. We thank you for opening your hearts and lives to helping other families like ours. What a gift!

Thank you, so very, very much,
The Lunts (Chad, Cherisse, Dallin, Jocey and Lucy)
