Thank You For Your Support Of Decklin's Dream Room Makeover!

The Message From the Family Says It All…

Dear Shelley and all the Rooms of Hope volunteers and teams,

Words can't begin to capture all of the blessings, joy, and encouragement our family has received through the room remodels for Decklin, Dillon, Eric, and Ethan. We were so blessed to be selected for this outpouring of support and kindness from your organization, the volunteers, and local businesses that provided so much. When we looked at the pictures of the boys rooms before the remodel – and then after – we saw that you captured the boys' passions and personalities so well and designed rooms they love to spend more time in already. I've caught them doing homework, reading, playing and resting in their rooms even more – they love them! We always decorated the rooms pretty simple, and now they feel like perfect retreats for each of them. A big thank you to Emilia for Decklin, Dillon, and Ethan's rooms – and also to Kelly for Eric's room. What a labor of love and thoughtfulness they delivered.

Decklin has been making good strides in his leukemia treatments, and is beginning to adjust back to school and so many activities of life. Having a room he now refers to more as "his room" is a big change – he used to call his room "Dillon's room". Now they have a space they love together and each side of the room matches things they love.

We can't say enough to thank you Shelley for organizing all the room upgrades and special volunteers. Families with children, families touched by cancer, kids who beat cancer, volunteers from many organizations, and even extended family of the volunteers who watched children for people helping at the house. It was so special to meet many of you – thanks for sharing a weekend of your life blessing ours.

Our family hopes that as we finish Decklin's process of healing that we can one day give back to another family and spend a weekend volunteering with your organization helping others discover their "Room of Hope".

In the Gospel of Matthew 5, verse 7 it says – "Blessed are the merciful, for they shall receive mercy". Your kindness and mercy to our family may never fully be repaid in kind – but we thank God for your loving kindness to us.

Please be sure each and every one who played a part in creating these comforting rooms knows that our family was truly stunned and the rooms exceeded our best expectations.

With thankfulness from Decklin and all of his family :-)
(Scott, Sandi, Ethan, Eric, Dillon, and Decklin)

Decklin Is A Warrior…

Not only is he battling high risk leukemia, but he is also autistic. As such, and with a smile, mom told us, "Never ask Decklin something you aren't prepared to hear the answer for because he has no filter." She went on to say that he will answer your question with all honesty and there isn't any other way he will answer. So, at the reveal, I asked Decklin what he thought of his new room. Without batting an eye, and with a big smile I will never forget, he looked straight into my eyes and said,

"It's Perfect!"

Special call out to Emilia, Decklin's RoH interior designer, who poured her heart and soul into this makeover. She is so talented and designed this room for Decklin and his big brother, Dillon. Thank you Emilia, and the whole entire team of volunteers and donors, who made this possible for Decklin and Dillon! This room is indeed "Perfect!"
