Creating Spaces That Matter...

A Beautiful Note From Ben's Family…

To Rooms of Hope...

Our whole family is still completely floored by the rooms and common areas you created for us! Both older kids have been raving about their rooms, spending quality time together in each room, and talking about how lucky they are. I asked them what their honest opinions were and neither could even articulate how happy they were. It's very heartwarming to see them beaming. They really deserved to feel special and Rooms for Hope knocked it out of the park!! An added bonus is that John (who struggled in the past with staying organized and motivated to finish his homework) has been utilizing his new desk space every day after school and really taking pride in his work. Needless to say, we are very happy to see him being so happy. Julia and Ben have been playing in their new room nonstop! They love everything about it and have been having a blast. It's adorable to watch their imaginations run wild!! Plus, this new space set the stage for healthy sleep habits, something that had been lacking for quite some time. Now that Ben has a space that is all for him, he is finding it easier to stay in bed and transition to being a "big boy".

Shawn and I have finally been getting some much needed time to reconnect after many months of living like roommates and focusing all our attention on Ben's well-being. Thank you so much for the extraordinary surprise of our new sanctuary bedroom. I still tear up when I think about how lucky we are to have this new space. Cancer affects so much more than just the child. As much as Shawn and I adore each other, we have found ourselves falling apart many times simply because we just didn't make time for ourselves amid all the chaos. Thank you for reminding us how important it is to make our marriage a priority.

We will never forget extraordinary generosity of Rooms for Hope and how you took a dark time in our Family history and reminded us that there is so much more to life than cancer and to enjoy the time we have together! Our whole family looks forward to joining your team in the future. Thank you from the bottom of our hearts for everything you have done for us!!

Much love and gratitude, The Rutherfords
