A Message From Shelley...

As you all know, we are dealing with the sickest of children in our community. Gabriel is no exception. Gabriel was diagnosed in September of 2018 with ALL (leukemia). His treatment plan is 3 ½ years long. So this dream room makeover means everything to him. He is angry about a lot of things and rightly so! He's been dealt a hard thing to deal with. But we gave him back some control! He played a huge roll in how his room turned out! He told us exactly what he wanted...gray walls on the bottom and a specific red on the top. He wanted dark furniture and things on the wall just so! We listened, took some artistic liberty and we couldn't have done this without you! Now he has an amazing place to hang out in when he's not at the hospital. We truly wish Gabriel and his family all the best always...our positive thoughts and best wishes are with you Gabriel! Sadly, Gabriel could not join us at the reveal because he was at the hospital. But...

A Message From Mom Just After Our Reveal...

"Thank you so much for the beautiful room makeovers. I can't wait for Gabriel to see it! Thank you to you and ALL the crew that made this possible. We are very happy!!! Gabriel is going to love it. Thank you for making children's dream come true!"

A Message From Mom After Gabriel Came Home From The Hospital And Saw His Dream Bedroom...

"I asked Gabriel to tell me one thing he loves about his room. He said, 'I love everything!!!!!!!!!!!!!!' That message coming from Gabriel, who is very specific about what he likes and what he doesn't like, well...we'll take that as a huge win! Great job team!!!
